Economy Fit Scoring Methodology

Each template has been evaluated for its fit across different economies based on multiple factors including: industry relevance, design aesthetic, technology sophistication, feature set, page depth, and cultural adaptability. The scoring considers both the quantitative metrics (file count, pages, features) and qualitative aspects (design style, industry standards).

Market Positioning by Economy

Economy Tier	Example Markets	Price Range	Template Preference
Tier 1 - Premium	USA, Canada, Switzerland, UK	\$2,000 - \$10,000	React/Next.js, Docker-ready, multi-page, premium design
Tier 2 - Mid	Germany, France, Australia, Nordics	\$1,000 - \$5,000	Bootstrap multi-page, React portfolios, polished design
Tier 3 - Standard	Asia, UAE, Eastern Europe	\$500 - \$2,000	Bootstrap single-page, clean design, essential features
Tier 4 - Budget	Emerging markets, small biz	\$100 - \$500	Static HTML, minimal templates, core functionality

Pricing Tiers for Customer Charging

The following pricing tiers provide clear guidance for charging clients based on template complexity, technology stack, feature depth, and production readiness. These prices represent the complete service including template customization, deployment, and client support.

TIER-S - Premium Production Suite

\$5,000 - \$10,000

Description: Production-ready React/Next.js applications with real backends including Docker containerization, email integration, authentication, and comprehensive feature sets. Best for enterprise clients and high-budget projects.

Sample Templates: photography-wedding/nextjs-wedding-photographer-website, fashion/Fashion-eCommerce-Shop-in-React, tourism/Travel_Website (when enhanced)

Includes: Custom deployment pipeline, CI/CD setup, SSL configuration, performance optimization, SEO setup, analytics integration, 30-day support

TIER-A - Professional Multi-Page

\$2,000 - \$5,000

Description: Multi-page Bootstrap or React templates with 10+ HTML pages and polished design. Suitable for established businesses needing comprehensive online presence with multiple sections and professional aesthetics.

Sample Templates: tourism/Travel_Website, news/themefisher_newsbit, medical/themefisher_medic, cafe-restaurant/techmahr_dinecraft, portfolios/hashir-home, portfolios/masterPortfolio, dentist/The-Dentist

Includes: Multi-page setup, responsive design, contact forms, Google Maps integration, gallery setup, 14-day support

TIER-B - Standard Business

\$500 - \$2,000

Description: Single-page React or Bootstrap templates with clean, modern design. Ideal for startups, freelancers, and small businesses needing an impressive online presence at a reasonable price.

Sample Templates: most React portfolios, medium Bootstrap templates, 3d-websites/Sayanth-portfolio, landing-pages/awesome-landing-pages, education-school/cora_university, real-estate/cora_estate

Includes: Template customization, responsive design, basic SEO, contact form setup, 7-day support

TIER-C - Budget Friendly

\$100 - \$500

Description: Minimal static HTML/CSS templates, freefolio designs, and gaming templates. Perfect for personal projects, students, and very small businesses with limited budgets.

Sample Templates: freefolio templates, freecssdesigns templates, gaming templates, small static sites

Includes: Simple customization, basic hosting setup, 3-day support

TIER-D - Free/Starter

\$0 - \$100

Description: Tiny single-page templates and game demos. Sub-100KB templates and mini-games. Best for learning, personal experimentation, or as portfolio starters.

Sample Templates: sub-100KB templates, mini games, small static portfolios

Includes: Basic setup guidance
