6. Approach & Sales Methodology

This section provides a practical framework for using this template guide to generate revenue. Understanding the tier system and applying the right sales approach maximizes both client satisfaction and profitability.

6a. Tier-Based Pricing Strategy

Tier	Client Charge	Delivery Time	Scope of Work	Best Client Profile
Tier S	\$5,000 – \$10,000	2-3 weeks	Full custom build with 3D/Three.js, animations, custom backend if needed, responsive design, SEO	Enterprises, luxury brands, high-end agencies
Tier A	\$2,000 – \$5,000	1-2 weeks	React/Next.js with custom styling, content management integration, multi-page, responsive	Established businesses, tech startups, professional services
Tier B	\$500 – \$2,000	3-5 days	Bootstrap/HTML with brand customization, content swap, responsive, basic SEO	Small businesses, local shops, freelancers
Tier C	\$100 – \$500	1-2 days	Quick deploy template with content replacement, basic configuration, hosting setup	Budget-conscious clients, students, personal projects
Tier D	\$0 – \$100	Same day	Basic setup, minimal customization, file delivery only	Personal use, learning projects, ultra-budget

6b. Sales Approach Flowchart

6c. Profit Calculator

Tier	Client Charge	Your Cost	Profit Range	Profit Margin
Tier S	\$5,000 – \$10,000	~\$200 (hosting + setup)	\$4,800 – \$9,800	96-98%
Tier A	\$2,000 – \$5,000	~\$150 (hosting + setup)	\$1,850 – \$4,850	93-97%
Tier B	\$500 – \$2,000	~\$100 (hosting + setup)	\$400 – \$1,900	80-95%
Tier C	\$100 – \$500	~\$50 (domain + hosting)	\$50 – \$450	50-90%
Tier D	\$0 – \$100	~\$10 (domain only)	\$0 – \$90	0-90%

Key Insight: The primary cost is your time for customization. Template licensing is generally a one-time cost with unlimited use rights. Hosting costs are passed through or marked up. The highest-margin strategy is Tier B/C with high volume, or Tier S/A with premium pricing.

6d. Upsell Strategy & Add-On Services

Add-On Service	Additional Charge	Implementation Effort	Target Tier
3D Animation (Three.js)	+\$2,000 – \$5,000	2-5 days	S, A, B
Ecommerce Integration	+\$1,000 – \$3,000	2-4 days	A, B, C
SEO Optimization Package	+\$500 – \$1,000	1-2 days	A, B, C, D
Custom CMS Integration	+\$1,000 – \$2,500	2-3 days	A, B
Multi-language Support	+\$500 – \$1,500	1-2 days	A, B, C
Performance Optimization	+\$300 – \$800	1 day	B, C, D
Analytics & Tracking Setup	+\$200 – \$500	Half day	A, B, C, D
Monthly Maintenance Package	+\$200/month	Ongoing	All tiers
Social Media Integration	+\$300 – \$600	Half day	B, C, D
Email Marketing Setup	+\$400 – \$800	1 day	B, C

Strategy: Always quote the base template first, then present add-ons as "recommended upgrades." Clients who initially resist a high base price often accept when the price is broken into base + optional enhancements. Annual maintenance contracts provide recurring revenue and reduce client churn.
